

HI ENERGY 20 Supplement For Beef Cattle

This protein, energy, concentrated vitamin and mineral package is specifically formulated for use on growing and mature beef cattle to complement roughage (grass hay or dry grass pasture) and/or light grain. Provide plenty of drinking water and free choice salt.

This product contains added Selenium at 4.4 mg/kg

Guaranteed Analysis

Crude Protein, minimum	20.00%
(Includes minimum 12% equivalent crude protein as non-protein nitrogen)	
Crude Fat, minimum	5.00%
Crude Fiber, maximum	2.50%
Calcium (Ca), actual	1.50%
Phosphorus (P), actual	0.80%
Salt (NaCl), (none added)	0.00%
Magnesium (Mg), actual	0.30%

Potassium (K), actual	3.00%
Fluorine (F), maximum	.60 mg/kg
Copper (Cu), actual	250 mg/kg
Iodine (I), actual	12.5 mg/kg
Manganese (Mn), actual	1000 mg/kg
Cobalt (Co), actual	2.5 mg/kg
Zinc (Zn), actual	750 mg/kg
Vitamin A, minimum	176,000 IU/kg
Vitamin D, minimum	17,600 IU/kg
Vitamin E, minimum	220 IU/kg

Ingredients

Beef Molasses, Sunflower Meal, Corn Distillers Grits with Solubles Dehydrated, Urea, Vegetable Oil, Monocalcium Phosphate, Magnesium Oxide, Manganese Oxide, Zinc Oxide, Copper Sulfate, Cobalt Sulfate, Ethylenediamine Dihydrochloride, Vitamin A, Vitamin D3, Vitamin E, Sodium Selenate and Ethoxyquin.

Feeding Recommendations

Expected intake is 220-385 grams (8-14 ounces or 1/3 - 1/4 lb.) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 3.2 kg (7 lb. per inch). Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.

Warning: Contains high levels of copper. Do not feed to sheep.
Selenium Caution: Directions for use must be carefully followed.
Do not use in association with other feed containing supplemental selenium.

Net Weight: 113.4 Kg (250 Lbs.)
