

# PRO 14

## Supplement For Beef Cattle & Horses

This protein, energy, concentrated vitamin and mineral package is specifically formulated for beef cattle & horses to complement roughage (grass hay or dry grass pasture) and/or light grain. Provide plenty of drinking water and free choice salt.

This product contains added Selenium at 4.5 mg/kg

### Guaranteed Analysis

Crude Protein, minimum	14.00%	Fluorine (F), maximum	66 mg/kg
Crude Fat, minimum	5.00%	Copper (Cu), actual	none added
Crude Fiber, maximum	1.50%	Iodine (I), actual	12.5 mg/kg
Calcium (Ca), actual	1.50%	Cobalt (Co), actual	2.5 mg/kg
Phosphorus (P), actual	1.00%	Vitamin A, minimum	110,000 IU/kg
Salt (NaCl), actual (none added)	0.00%	Vitamin D, minimum	10,000 IU/kg
Potassium (K), actual	3.00%	Vitamin E, minimum	110 IU/kg

### Ingredients

Beet Molasses, Soybean Meal, Corn Distillers Grains with Solubles Dehydrated, Vegetable Oil, Monocalcium Phosphate, Manganese Oxide, Zinc Oxide, Cobalt Sulfate, Ethylenediamine Dihydrochloride, Vitamin A, Vitamin D3, Vitamin E, Sodium Selenite and Ethoxyquin.

### Feeding Recommendations

Expected intake is 220-385 grams (8-14 ounces or 1/4 - 1/2 lb.) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 3.2 kg (7 lbs.) per inch. Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.

**Selenium Caution: Directions for use must be carefully followed. Do not use in association with other feed containing supplemental selenium.**

Net Weight: 113.4 Kg (250 Lbs.)
